**GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING**

**Why did you send me this proxy statement?**

We sent you this proxy statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at the 2017 annual meeting of stockholders. This proxy statement summarizes information related to your vote at the annual meeting. All stockholders who find it convenient to do so are cordially invited to attend the annual meeting in person. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

We intend to begin mailing this proxy statement, the attached notice of annual meeting and the enclosed proxy card on or about April 10, 2017 to all stockholders of record entitled to vote at the annual meeting. Only stockholders who owned our common stock on March 31, 2017 are entitled to vote at the annual meeting. On this record date, there were 48,168,540 shares of our common stock outstanding. Common stock is our only class of stock entitled to vote.

**What am I voting on?**

*Proposal 1: To elect two directors to serve as Class III directors for a three-year term.*

*Proposal 2: To consider and vote upon the ratification of the appointment of Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2017.*

**How many votes do I have?**

Each share of our common stock that you own as of March 31, 2017 entitles you to one vote.

**How do I vote by proxy?**

With respect to the election of the director, you may either vote “For” all the nominees to the board of directors or you may “Withhold” your vote for any nominee you specify. With respect to the ratification of the appointment of Ernst & Young LLP as our independent registered public accountants, you may vote “For” or “Against” or abstain from voting.

*Stockholders of Record: Shares Registered in Your Name*

If you are a stockholder of record, there are several ways for you to vote your shares. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted.

- **By Mail:** You may vote using your proxy card by completing, signing, dating and returning the proxy card in the self-addressed, postage-paid envelope provided, or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. If you properly complete your proxy card and send it to us in time to vote, your proxy (one of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your shares, as permitted, will be voted as recommended by our board of directors. If any other matter is presented at the annual meeting, your proxy will vote in accordance with his or her best judgment. As of the date of this proxy statement, we knew of no matters that needed to be acted on at the meeting, other than those discussed in this proxy statement.
- **Via the Internet:** You may vote at [www.voteproxy.com](http://www.voteproxy.com), 24 hours a day, seven days a week. Have your proxy card available when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form. Votes submitted via the Internet must be received by 11:59 p.m., Eastern Time, on May 24, 2017.
- **By Telephone:** You may vote using a touch-tone telephone by calling 1-800-690-6903, 24 hours a day, seven days a week. Have your proxy card available when you call and then follow the instructions. Votes submitted by telephone must be received by 11:59 p.m., Eastern Time, on May 24, 2017.
- **In Person:** You may still attend the meeting and vote in person even if you have already voted by proxy. To vote in person, come to the annual meeting and we will give you a ballot at the annual meeting. If you are a beneficial shareholder, you may need to request and bring a legal proxy to the meeting to vote.

*Beneficial Owners: Shares Registered in the Name of a Broker or Bank*

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than directly from us. Simply complete and mail the proxy card to ensure that your vote is counted. You may be eligible to vote your shares electronically over the Internet or by telephone. A large number of banks and brokerage firms offer Internet and telephone voting. If your bank or brokerage firm does not offer Internet or telephone voting information, please complete and return your proxy card in the self-addressed, postage-paid envelope provided. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

**May I revoke my proxy?**

If you give us your proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of the three following ways:

- you may send in another signed proxy with a later date,

---

## [Table of Contents](#)

- you may notify our corporate secretary, Susan M. Kanaya, in writing before the annual meeting that you have revoked your proxy, or
- you may notify our corporate secretary in writing before the annual meeting and vote in person at the meeting.

### **What constitutes a quorum?**

The presence at the annual meeting, in person or by proxy, of holders representing a majority of our outstanding common stock as of March 31, 2017, or approximately 24,084,270 shares, constitutes a quorum at the meeting, permitting us to conduct our business.

### **What vote is required to approve each proposal?**

*Proposal 1: Election of Directors.* The two nominees who receive the most “For” votes (among votes properly cast in person or by proxy) will be elected. Only votes “For” or “Withheld” will affect the outcome.

*Proposal 2: Ratification of Independent Registered Public Accounting Firm.* The ratification of the appointment of Ernst & Young LLP must receive “For” votes from the holders of a majority of the shares of common stock present or represented by proxy and entitled to vote at the annual meeting.

Voting results will be tabulated and certified by Broadridge Financial Solutions, Inc.

### **What is the effect of abstentions and broker non-votes?**

Shares of common stock held by persons attending the annual meeting but not voting, and shares represented by proxies that reflect abstentions as to a particular proposal, will be counted as present for purposes of determining the presence of a quorum. Abstentions are treated as shares present in person or by proxy and entitled to vote, so abstaining has the same effect as a negative vote for purposes of determining whether our stockholders have ratified the appointment of Ernst & Young LLP, our independent registered public accounting firm. However, because the election of directors is determined by a plurality of votes cast, abstentions will not be counted in determining the outcome of such proposal.

Shares represented by proxies that reflect a “broker non-vote” will be counted for purposes of determining whether a quorum exists. A “broker non-vote” occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares for certain non-routine matters. With regard to the election of directors, broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote. However, ratification of the appointment of Ernst & Young LLP is considered a routine matter on which a broker or other nominee has discretionary authority to vote. Accordingly, no broker non-votes will likely result from this proposal.

### **Who is paying the costs of soliciting these proxies?**

We will pay all of the costs of soliciting these proxies. Our directors, officers and other employees may solicit proxies in person or by mail, telephone, fax or email. We will pay our directors, officers and other employees no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses. Our costs for forwarding proxy materials will not be significant.

**PROPOSAL 1:  
ELECTION OF DIRECTORS**

Our board of directors is divided into three classes, with one class of our directors standing for election each year, generally for a three-year term. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires and hold office until their resignation or removal or their successors are duly elected and qualified. In accordance with our certificate of incorporation and bylaws, our board of directors may fill existing vacancies on the board of directors by appointment.

The term of office of our Class III directors, Thomas A. Edwards and Roger C. Lucas, Ph.D, will expire at the 2017 annual meeting. Accordingly, the nominees for Class III directors for election at the 2017 annual meeting are Thomas A. Edwards and Roger C. Lucas, Ph.D. If either of Mr. Edwards or Dr. Lucas is elected at the 2017 annual meeting, such individual will be elected to serve for a three-year term that will expire at our 2020 annual meeting of stockholders and until such individual's successor is elected and qualified.

If no contrary indication is made, proxies in the accompanying form are to be voted for Mr. Edwards and Dr. Lucas or in the event that Mr. Edwards or Dr. Lucas is not a candidate or is unable to serve as a director at the time of the election (which is not currently expected), for any nominee who is designated by our board of directors to fill the vacancy.

All of our directors bring to the board of directors significant leadership experience derived from their professional experience and service as executives or board members of other corporations. The process undertaken by the nominating and corporate governance committee in recommending qualified director candidates is described below under "Director Nomination Process." Certain individual qualifications and skills of our directors that contribute to the board of directors' effectiveness as a whole are described in the following paragraphs.

**Information Regarding Directors**

**Board Independence**

Our board of directors has determined that all of our directors are independent directors within the meaning of the applicable Nasdaq Stock Market LLC, or Nasdaq, listing standards, except for Thomas J. Schall, Ph.D., our President, Chief Executive Officer and Chairman.

**Board Leadership Structure**

Our board of directors currently has six independent directors and one employee director. Our board of directors is currently chaired by Dr. Schall, who is also our Chief Executive Officer. Our board of directors believes that Dr. Schall's service as both Chairman and Chief Executive Officer is in the best interests of our company and our stockholders. Dr. Schall possesses detailed and in-depth knowledge of the issues, opportunities and challenges we face, and we believe he is the person best positioned to develop agendas that ensure that our board of directors' time and attention is focused on the most critical matters. Our board of directors believes that his combined role enables decisive leadership, ensures clear accountability and enhances our ability to communicate our message and strategy clearly and consistently to stockholders, employees and strategic partners.

Our board of directors appointed Dr. Lucas as the lead independent director to help reinforce the independence of the board of directors as a whole. The position of lead independent director has been structured to serve as an effective balance to a combined Chief Executive Officer and Chairman role. As the lead independent director, Dr. Lucas is empowered to, among other duties and responsibilities, review and provide input on the agendas for meetings of the board of directors, chair executive sessions in the absence of the Chairman, serve as a liaison between the Chairman and the independent directors and serve as an independent point of contact for management and others wishing to communicate to the board of directors other than through the Chairman. As reinforcement of the importance of an independent board of directors, the independent directors routinely meet outside the presence of our management, including Dr. Schall. For all of these reasons, the board of directors believes that the lead independent director can help ensure the effective independent functioning of the board of directors in its oversight responsibilities.

**The Board's Role in Risk Oversight**

Our board of directors has responsibility for the oversight of the company's risk management processes and, either as a whole or through its committees, regularly discusses with management our major risk exposures, their potential impact on our business and the steps we take to manage them. The risk oversight process includes receiving regular reports from board committees and members of senior management to enable our board to understand the company's risk identification, risk management and risk mitigation strategies with respect to areas of potential material risk, including operations, finance, legal, regulatory, strategic and reputational risk.

The audit committee reviews information regarding liquidity and operations and oversees our management of financial risks. Periodically, the audit committee reviews our policies with respect to risk assessment, risk management, loss prevention and regulatory compliance. Oversight by the audit committee includes direct communication with our external auditors, and discussions with management regarding significant risk exposures and the actions management has taken to limit, monitor or control such exposures. The compensation committee is responsible for assessing whether any of our compensation policies or programs has the potential to encourage excessive risk-taking. The nominating and corporate governance committee manages risks associated with the independence of the board, corporate disclosure practices and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through committee reports about such risks. Matters of significant strategic risk are considered by our board of directors as a whole.

The compensation committee is governed by a written charter approved by our board of directors. The compensation committee's purpose is to assist our board of directors in determining the compensation programs and compensation for our executive officers, including by designing, evaluating and approving our compensation plans, policies and programs. The compensation committee is responsible for, among other things:

- reviewing and approving our corporate goals and objectives relating to the compensation of our Chief Executive Officer, evaluating the performance of our Chief Executive Officer in light of those goals and objectives, and determining and approving the compensation of our Chief Executive Officer based on such evaluation;
- reviewing and approving the compensation of our officers and certain employees; reviewing and approving general compensation goals and guidelines for employees and the criteria by which bonuses, long-term incentive compensation, stock options, employee pension and welfare benefits plans are determined;
- determining our policy with respect to change of control or "parachute" payments;
- managing and reviewing executive officer and director indemnification and insurance matters;
- preparing the compensation committee report to be included as part of our annual proxy statement; and
- evaluating its own performance on an annual basis.

### *Nominating and Corporate Governance Committee*

The nominating and corporate governance committee of our board of directors currently consists of Drs. Feczko, Lucas and McKinnell and Messrs. Edwards, Parker and Tyree. The nominating and corporate governance committee met four times during fiscal year 2016. Our board of directors has determined that all members of the nominating and corporate governance committee are independent directors, as defined in the Nasdaq qualification standards. The nominating and corporate governance committee is governed by a written charter approved by our board of directors. The nominating and corporate governance committee's purpose is to assist our board of directors by identifying individuals qualified to become members of our board of directors, consistent with criteria set by our board, and to develop our corporate governance principles. The nominating and corporate governance committee is responsible for, among other things:

- overseeing our board of director's annual review of its performance, composition, and organization, and making recommendations on these matters to our board of directors;
- reviewing, soliciting and making recommendations to our board of directors and stockholders with respect to candidates for election to our board of directors;
- reviewing the performance of each current director and determining whether to recommend the nomination of such director for an additional term; and
- evaluating its own performance on an annual basis.

### **Report of the Audit Committee of the Board of Directors**

The audit committee oversees the company's financial reporting process on behalf of our board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed the audited

financial statements in the company's annual report with management, including a discussion of any significant changes in the selection or application of accounting principles, the reasonableness of significant judgments, the clarity of disclosures in the financial statements and the effect of any new accounting initiatives.

The audit committee reviewed with Ernst & Young LLP, which is responsible for expressing an opinion on the conformity of the company's audited financial statements with generally accepted accounting principles, its judgments as to the quality, not just the acceptability, of the company's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards, and by Statement on Auditing Standards No.16 (Communications with Audit Committees), as amended, as adopted by the Public Company Accounting Oversight Board (United States) in Rule 3200T. In addition, the audit committee has discussed with Ernst & Young LLP its independence from management and the company, has received from Ernst & Young LLP the written disclosures and the letter required by applicable requirements of the Public Company Oversight Board regarding Ernst & Young LLP's communications with the audit committee concerning independence and has considered the compatibility of non-audit services with the auditors' independence.

The audit committee met with Ernst & Young LLP to discuss the overall scope of its services, the results of its audit and reviews, its evaluation of the company's internal controls and the overall quality of the company's financial reporting. Ernst & Young LLP, as the company's independent registered public accounting firm, also periodically updates the audit committee about new accounting developments and their potential impact on the company's reporting. The audit committee's meetings with Ernst & Young LLP were held with and without management present. The audit committee is not employed by the company, nor does it provide any expert assurance or professional certification regarding the company's financial statements. The audit committee relies, without independent verification, on the accuracy and integrity of the information provided, and representations made, by management and the company's independent registered public accounting firm.

In reliance on the reviews and discussions referred to above along with those held with management, the audit committee has recommended to the company's board of directors that the audited financial statements be included in our annual report for the year ended December 31, 2016. The audit committee and the company's board of directors also have recommended, subject to stockholder approval, the ratification of the appointment of Ernst & Young LLP as the company's independent registered public accounting firm for 2017.

This report of the audit committee is not "soliciting material," shall not be deemed "filed" with the SEC and shall not be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such acts.

The foregoing report has been furnished by the audit committee.

Respectfully submitted,

The Audit Committee of the Board of Directors  
Geoffrey M. Parker (chairperson)  
Thomas A. Edwards  
Joseph M. Feczko, M.D.  
Roger C. Lucas, Ph.D.  
Henry A. McKinnell, Jr., Ph.D.  
James L. Tyree

### **Compensation Committee Interlocks and Insider Participation**

The compensation committee of our board of directors currently consists of Mr. Tyree (chairperson), Drs. Feczko, Lucas and McKinnell and Messrs. Edwards and Parker. None of the members of our compensation committee during fiscal year 2016 has ever been one of our officers or employees. None of our executive officers currently serves, or has served, as a member of the board of directors or compensation committee of any entity that had one or more executive officers serving as a member of our board of directors or compensation committee during fiscal year 2016.

### **Director Nomination Process**

#### *Director Qualifications*

In evaluating director nominees the nominating and corporate governance committee will consider among other things the following factors:

- personal and professional integrity, ethics and values;
- experience in corporate management, such as serving as an officer or former officer of a publicly held company;
- strong finance experience;
- experience relevant to our industry;
- experience as a board member of another publicly held company;
- diversity of expertise and experience in substantive matters pertaining to our business relative to other board members;
- diversity of background and perspective, including with respect to age, gender, race, place of residence and specialized experience; and
- practical and mature business judgment, including the ability to make independent analytical inquiries.

The nominating and corporate governance committee's goal is to assemble a board of directors that brings to the company a variety of perspectives and skills derived from high quality business and professional experience. Moreover, the nominating and corporate governance committee believes that the background and qualifications of the board of directors, considered as a group, should provide a significant mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

Other than the foregoing criteria for director nominees, the nominating and corporate governance committee has not adopted a formal policy with respect to a fixed set of specific minimum qualifications for its candidates for membership on the board of directors. The nominating and corporate governance committee may consider such other facts, including, without limitation, diversity, as it may deem are in the best interests of the company and its stockholders. The nominating and corporate governance committee does, however, believe it is appropriate for at least one, and, preferably, several, members of our board of directors to meet the criteria for an "audit committee financial expert" as that phrase is defined under the regulations promulgated by the SEC, and that a majority of the members of our board of directors be independent as required under the Nasdaq qualification standards. The nominating and corporate governance committee also believes it is appropriate for our President and Chief Executive Officer to serve as a member of our board of directors. Our directors' performance and qualification criteria are reviewed annually by the nominating and corporate governance committee.

### *Identification and Evaluation of Nominees for Directors*

The nominating and corporate governance committee identifies nominees for director by first evaluating the current members of our board of directors willing to continue in service. Current members with qualifications and skills that are consistent with the nominating and corporate governance committee's criteria for board of director service and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of our board of directors with that of obtaining a new perspective or expertise.

If any member of our board of directors does not wish to continue in service or if our board of directors decides not to re-nominate a member for re-election, the nominating and corporate governance committee identifies the desired skills and experience of a new nominee in light of the criteria above. The nominating and corporate governance committee generally polls our board of directors and members of management for their recommendations. The nominating and corporate governance committee may also review the composition and qualification of the boards of directors of our competitors and may seek input from industry experts or analysts. The nominating and corporate governance committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the members of the nominating and corporate governance committee and by certain of our other independent directors and executive management. In making its determinations, the nominating and corporate governance committee evaluates each individual in the context of our board of directors as a whole, with the objective of assembling a group that can best contribute to the success of our company and represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the nominating and corporate governance committee makes its recommendation to our board of directors. To date, the nominating and corporate governance committee has not utilized third-party search firms to identify board of director candidates. The nominating and corporate governance committee may in the future choose to do so in those situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

The nominating and corporate governance committee evaluates nominees recommended by stockholders in the same manner as it evaluates other nominees. We have not received director candidate recommendations from our stockholders and do not have a formal policy regarding consideration of such recommendations. However, any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by board members, management or other parties are evaluated. We do not intend to treat stockholder recommendations in any manner different from other recommendations.

Under our amended and restated bylaws, stockholders wishing to suggest a candidate for director should write to our corporate secretary. In order to give the nominating and corporate governance committee sufficient time to evaluate a recommended candidate and/or include the candidate in our proxy statement for the 2018 annual meeting, the recommendation should be received by our corporate secretary at our principal executive offices in accordance with our procedures detailed in the section below entitled "Stockholder Proposals."

### **Director Attendance at Annual Meetings**

Although our company does not have a formal policy regarding attendance by members of our board of directors at our annual meeting, we encourage all of our directors to attend. No non-employee directors attended our annual meeting in 2016.

### **Communications with our Board of Directors**

Stockholders seeking to communicate with our board of directors should submit their written comments to our corporate secretary, ChemoCentryx, Inc., 850 Maude Avenue, Mountain View, CA 94043. The corporate secretary will forward such communications to each member of our board of directors; provided that, if in the opinion of our corporate secretary it would be inappropriate to send a particular stockholder communication to a

specific director, such communication will only be sent to the remaining directors (subject to the remaining directors concurring with such opinion).

### **Corporate Governance**

Our company's Code of Business Conduct and Ethics, Audit Committee Charter, Compensation Committee Charter and Nominating and Corporate Governance Committee Charter are available, free of charge, on our website at [www.chemocentryx.com](http://www.chemocentryx.com). Please note, however, that the information contained on the website is not incorporated by reference in, or considered part of, this proxy statement. We will also provide copies of these documents as well as our company's other corporate governance documents, free of charge, to any stockholder upon written request to ChemoCentryx, Inc., 850 Maude Avenue, Mountain View, CA 94043.

### **Director Compensation**

We compensate non-employee members of the board of directors for their service. Directors who are also employees do not receive cash or equity compensation for service on the board of directors in addition to compensation payable for their service as our employees. The non-employee members of our board of directors are also reimbursed for travel, lodging and other reasonable expenses incurred in attending board of directors or committee meetings.

Under our non-employee director compensation policy, we provide cash compensation in the form of an annual retainer of \$42,500 for each non-employee director. We also pay an additional annual retainer of \$25,000 to the non-employee director who serves as our lead independent director, \$20,000 to the chairman of our audit committee, \$10,000 to other non-employee directors who serve on our audit committee, \$15,000 to the chair of our compensation committee, \$10,000 to other non-employee directors who serve on our compensation committee, \$10,000 to the chair of our nominating and corporate governance committee and \$6,000 to other non-employee directors who serve on our nominating and corporate governance committee. We have reimbursed and will continue to reimburse our non-employee directors for their reasonable expenses incurred in attending meetings of our board of directors and committees of the board of directors.

Also, under our non-employee director compensation policy, any non-employee director who is first elected to the board of directors will be granted such number of restricted stock units (or, if so elected by a non-employee director, shares of restricted stock) on the date of his or her initial election to the board of directors as is determined by dividing (a) \$175,000 by (b) the fair market value (as defined under our 2012 Equity Incentive Award Plan) per share of our common stock on the date of grant. In addition, on the date of each annual meeting of our stockholders, each non-employee director will be granted such number of restricted stock units (or, if so elected by a non-employee director, shares of restricted stock) on the date of such annual meeting as is determined by dividing (x) \$90,000 by (y) the fair market value (as defined under our 2012 Equity Incentive Award Plan) per share of our common stock on the date of grant.

The initial awards granted to non-employee directors described above vest and become exercisable in three equal annual installments over the three-year period following the date of grant, subject to the director's continuing service on our board of directors on those dates. The annual awards granted to non-employee directors described above vest on the first anniversary of the date of grant, subject to the director's continuing service on our board of directors on such date. In addition, all of such awards will vest upon the occurrence of a change in control (as defined under our 2012 Equity Incentive Award Plan). The term of each option granted to a non-employee director is ten years. These options have been, and will continue to be, granted under our 2012 Equity Incentive Award Plan.

The assumptions used in the valuation of these awards are consistent with the valuation methodologies specified in the notes to our financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016, filed with the SEC on March 14, 2017.

### Vote Required; Recommendation of the Board of Directors

If a quorum is present and voting at the annual meeting, the nominees receiving the highest number of votes will be elected to our board of directors. Votes withheld from any nominee, abstentions and broker non-votes will be counted only for purposes of determining a quorum. Broker non-votes will have no effect on this proposal as brokers or other nominees are not entitled to vote on such proposals in the absence of voting instructions from the beneficial owner.

**OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THOMAS A. EDWARDS AND ROGER C. LUCAS, PH.D. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY OTHERWISE ON THEIR PROXY CARDS.**

**PROPOSAL 2:  
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

The audit committee has selected Ernst & Young LLP as the company's independent registered public accountants for the year ending December 31, 2017 and has further directed that management submit the selection of independent registered public accountants for ratification by the stockholders at the annual meeting. Ernst & Young LLP has audited the company's financial statements since 2000. Representatives of Ernst & Young LLP are expected to be present at the annual meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Ernst & Young LLP as the company's independent registered public accountants is not required by Delaware law, the company's amended and restated certificate of incorporation or the company's amended and restated bylaws. However, the audit committee is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of different independent registered public accountants at any time during the year if the audit committee determines that such a change would be in the best interests of the company and its stockholders.

**Independent Registered Public Accountants' Fees**

The following table represents aggregate fees billed to us for services related to the fiscal years ended December 31, 2016 and 2015, by Ernst & Young LLP, our independent registered public accounting firm.

	<u>Year Ended December 31,</u>	
	<u>2016</u>	<u>2015</u>
Audit Fees <sup>(1)</sup>	\$ 422,600	\$ 389,736
Audit Related Fees <sup>(2)</sup>	50,000	—
Tax Fees	—	—
All Other Fees <sup>(3)</sup>	1,710	—
<b>Total</b>	<u>\$ 474,310</u>	<u>\$ 389,736</u>

- (1) Audit Fees consist of fees billed for professional services performed by Ernst & Young LLP for the audit of our annual financial statements and related services that are normally provided in connection with statutory and regulatory filings or engagements.
- (2) Audit Related Fees consist of fees billed by Ernst & Young LLP for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements. During 2016, these fees included accounting consultation services. There were no such fees incurred in 2015.
- (3) Represents fees related to accessing Ernst & Young LLP's online research database in 2016.

The audit committee has considered whether the provision of non-audit services is compatible with maintaining the independence of Ernst & Young LLP, and has concluded that the provision of such services is compatible with maintaining the independence of our auditors.

**Pre-Approval Policies and Procedures**

Our audit committee has established a policy that all audit and permissible non-audit services provided by our independent registered public accounting firm will be pre-approved by the audit committee, and all such services were pre-approved in accordance with this policy during the fiscal years ended December 31, 2016 and 2015. These services may include audit services, audit-related services, tax services and other services. The audit committee considers whether the provision of each non-audit service is compatible with maintaining the

---

[Table of Contents](#)

independence of our auditors. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

**Vote Required; Recommendation of the Board of Directors**

The affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as negative votes. The approval of Proposal 2 is a routine proposal on which a broker or other nominee has discretionary authority to vote. Accordingly, no broker non-votes will likely result from this proposal.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE TO RATIFY THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2017. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY OTHERWISE ON THEIR PROXY CARDS.**

### ***Employment Agreements***

We have entered into amended and restated employment agreements with each of our named executive officers. Each of the employment agreements has a three-year term, subject to automatic successive one-year renewals unless we provide written notice of our desire to terminate the agreement at least sixty days prior to the expiration of the then-current term. Pursuant to the employment agreements, each executive officer is eligible for a target performance bonus (with the target determined by our board of directors or compensation committee), based upon the achievement of financial and performance objectives established by the compensation committee. Any final bonus payment shall be determined by our board of directors or compensation committee.

The employment agreements provide for certain severance payments to our named executive officers. All cash severance payments are payable in a lump sum. If we terminate an executive officer's employment without cause or if the executive officer resigns for good reason (unless such termination occurs within 12 months following a change in control), we are obligated to pay such executive officer a lump sum severance payment equal to his or her base salary in effect at the time of termination for 18 months. Additionally, each of the named executive officers will receive accelerated vesting and/or exercisability of 100% of his or her outstanding stock awards.

Under each of the employment agreements, if we terminate an executive officer's employment without cause or if the executive officer resigns for good reason, in each case within 12 months following a change in control, we are obligated to pay such executive officer a lump sum severance payment equal to the sum of: (1) 18 months of his or her base salary in effect at the time of termination, (2) one and one-half times the executive officer's target bonus, and (3) 18 months of health benefits continuation at our cost. Furthermore, all of the executive officer's outstanding stock awards will vest upon the date of termination. The foregoing change-in-control severance benefits shall only apply so long as the executive officer is working on a full-time basis.

For purposes of the amended and restated employment agreements, "cause" means an executive officer (1) has committed an act of fraud, embezzlement or dishonesty in connection with the executive officer's employment, or has intentionally committed some other illegal act that has, or may be reasonably expected to have, a material adverse impact on the company or any successor or parent or subsidiary thereof; (2) has been convicted of, or entered a plea of "guilty" or "no contest" to, a felony, or to any crime involving moral turpitude, which causes or may reasonably be expected to cause substantial economic injury to or substantial injury to the reputation of the company or any successor or parent or subsidiary thereof; (3) has made any unauthorized use or disclosure of confidential information or trade secrets of the company or any successor or parent or subsidiary thereof that has, or may reasonably be expected to have, a material adverse impact on any such entity; (4) has materially breached a company policy, materially breached the provisions of the executive officer's employment agreement (if any), or has committed any other intentional misconduct that has, or may be reasonably expected to have, a material adverse impact on the company or any successor or parent or subsidiary thereof, or (5) has intentionally refused or intentionally failed to act in accordance with any lawful and proper direction or order of the board of directors or the appropriate individual to whom the executive officer reports; provided such direction is not materially inconsistent with the executive officer's customary duties and responsibilities.

For purposes of the amended and restated employment agreements, "good reason" means (1) a material diminution in the executive officer's authority, duties or responsibilities, (2) a material diminution in the executive officer's base compensation unless such a reduction is imposed across-the-board to senior management of the company, (3) a material change in the geographic location at which the executive officer must perform services to us, (4) any other action or inaction that constitutes a material breach by the company or any successor or affiliate of its obligations to the executive officer under the employment agreement or (5) a material diminution in the authority, duties or responsibilities of the supervisor to whom the named executive officer is required to report.

For purposes of the amended and restated employment agreements, “change in control” has the same meaning as such term is given under the terms of our 2012 Equity Incentive Award Plan.

### *Executive Compensation Elements*

The following describes the material terms of the elements of our executive compensation program during 2016. For 2016, Compensia, an independent compensation consulting firm, was retained by the compensation committee to assist it in the determination of the key elements of the executive compensation program. Compensia reported to and was accountable to the compensation committee, and did not conduct any other work for us without the authorization of the compensation committee. Compensia provides advice to the compensation committee with respect to competitive practices and the amounts and nature of compensation paid to executive officers in similar organizations. Compensia also advises on, among other things, structuring our various compensation programs and determining the appropriate levels of salary, bonus and equity awards payable to our named executive officers. Compensia did not provide any services to us in 2016 beyond its engagement as an advisor to the compensation committee on executive compensation matters. In addition to executive compensation matters, in 2016 Compensia also advised the compensation committee on non-executive equity and director compensation matters with respect to competitive practices and the amounts and nature of compensation paid in similar organizations. After review and consultation with Compensia, the compensation committee has determined that Compensia is independent and there is no conflict of interest resulting from retaining Compensia currently or during the year ended December 31, 2016. In reaching these conclusions, the compensation committee considered the factors set forth in Exchange Act Rule 10C-1 and NASDAQ listing standards.

#### *2016 Base Salaries*

In February 2016, the compensation committee set annual base salaries for our named executive officers to be in effect until the next annual review. The 2016 annual base salaries of the named executive officers were unchanged from 2015 and were as follows: Dr. Schall, \$571,450; Ms. Kanaya, \$415,600; and Dr. Bekker, \$410,405 and were approved by the compensation committee in February 2016. In October 2016, Ms. Kanaya was promoted to Executive Vice President, Chief Financial and Administrative Officer. In connection with her promotion, Ms. Kanaya received a base salary increase to \$440,536, representing a 6% increase from her 2016 and 2015 base salaries prior to such promotion.

#### *2016 Performance Bonuses*

Each named executive officer is eligible for an annual performance bonus based upon the achievement of certain corporate performance goals and objectives approved by our board of directors.

Bonuses are set based on the executive officer’s base salary as of the end of the bonus year, and are expected to be paid out in the first quarter of the following year. Dr. Schall, Ms. Kanaya and Dr. Bekker are eligible to receive a target bonus of 50%, 40% and 35%, respectively, of their base salary. At the beginning of each year, the board of directors (considering the recommendations of the compensation committee and management) sets corporate goals and milestones for the year. These goals and milestones and the proportional emphasis placed on each are set by the board of directors after considering management input and our overall strategic objectives. These goals generally relate to factors such as financial targets, achievement of product development objectives and operational and business development objectives. The board of directors, upon recommendation of the compensation committee, determines the level of achievement of the corporate goals for each year. This achievement level is then applied to each named executive officer’s target bonus to determine that year’s total bonus award.

All final bonus payments to our named executive officers are determined by our compensation committee. The actual bonuses awarded in any year, if any, may be more or less than the target, depending on the

---

## [Table of Contents](#)

achievement of corporate objectives and may also vary based on other factors at the discretion of the compensation committee.

For 2016, the corporate performance objectives generally fell into the following categories: objectives related to continued progress in the area of internally conducted clinical trials and pipeline development (45% weighting); drug discovery efforts and pipeline support (20% weighting); and financial, corporate and business development objectives (35% weighting), including achieving revenue and cash utilization targets for 2016 and business development and investor relations objectives. With the exception of the financial objectives, quantitative measures were generally not established for the corporate objectives for 2016. These performance objectives and areas of emphasis were used as a guide by the board of directors in subjectively determining overall corporate performance as they represented those areas in which the named executive officers and our employees generally were expected to focus their efforts during the year. The three foregoing areas of emphasis were weighted based on their level of importance to our business plan.

In evaluating management's performance relative to corporate performance for 2016, our board of directors determined to award a corporate achievement level of 100%. In coming to its final determination regarding the overall corporate achievement percentage, the board of directors awarded 100% credit for corporate performance relative to our internally conducted clinical trial and pipeline development efforts, noting (1) achievements relative to avacopan (CCX168), the company's lead orphan and rare disease program targeting the complement C5a receptor—specifically the successful completion of the Phase II CLEAR and CLASSIC trials in patients with anti-neutrophil cytoplasmic antibody, or ANCA, associated vasculitis, or AAV, successful End of Phase II and Protocol Assistance meetings with the U.S. Food and Drug Administration and European Medicines Agency, respectively, for avacopan in AAV, the launch of the Phase III ADVOCATE trial of avacopan in AAV, oral presentations of the CLEAR and CLASSIC data at major nephrology medical meetings, completion of the Phase II proof-of-concept study in patients with IgA nephropathy and reporting data from the Phase II proof-of-concept study in patients with atypical hemolytic uremic syndrome at a major nephrology medical meeting; (2) achievements relative to CCX872, the next generation CCR2 drug candidate, including completing enrollment and reporting initial overall response rate in patients with advanced metastatic pancreatic cancer. With respect to our drug discovery efforts and pipeline support, the board of directors awarded 74% credit, noting off-clinical support, including preclinical and pharmaceutical development efforts relative to avacopan, CCX872 and CCX140. The board of directors awarded 92% credit with respect to financial, corporate and business development objectives for 2016. While the board of directors noted that the company did not achieve 100% of the stated objectives for 2016, additional milestones were achieved beyond the scope of the originally stated 2016 goals which warranted the determination to award a corporate achievement level of 100%, noting (1) the award of the European Medicines Agency PRiority MEDicines (PRIME) designation for avacopan in AAV; (2) executing a second business development deal in 2016 which brought the total of upfront commitments to \$135 million in 2016; and (3) the establishment of a multi-product rare renal franchise to include both avacopan and CCX140.

These achievement levels were then used to determine each named executive officer's bonus. The bonuses paid to our named executive officers for 2016 are set forth in the "Summary Compensation Table" above.

### *2016 Equity Awards*

In March 2016, the compensation committee awarded the following options to our named executive officers: Dr. Schall, options to purchase 300,000 shares, Ms. Kanaya, options to purchase 190,000 shares, and Dr. Bekker, options to purchase 110,000 shares. Each of the option awards has an exercise price of \$3.57 per share, the closing price per share of our common stock on the date of grant. Each of these option awards has a ten-year term and vests over a four-year period as follows: 25% of the shares underlying the option vest on January 1, 2017, and the remainder of the shares underlying the option vest in equal monthly installments over the remaining 36 months thereafter, provided that the executive continues to provide services to the company. In addition, the compensation committee awarded the following restricted stock units to our named executive

officers: Dr. Schall, 100,000 restricted stock units, Ms. Kanaya, 60,000 restricted stock units, and Dr. Bekker, 40,000 restricted stock units. Each of these restricted stock units vests over a three-year period with one-third of the award vesting annually on each anniversary, provided that the executive continues to provide services to the company. The size of the foregoing annual awards to the named executive officers were determined by the compensation committee after consultation with Compensia and review of comparable company information and were intended by the compensation committee to approximate the 60th percentile for annual long-term equity awards to executives in similar organizations. In connection with her promotion in October 2016, Ms. Kanaya received an additional 50,000 options at an exercise price of \$6.23 per share, the closing price per share of our common stock on the date of grant, and an additional 100,000 restricted stock units. These promotional awards vest in accordance with our standard vesting schedules as described above.

### *Health and Welfare Benefits*

Our named executive officers are eligible to participate in all of our employee benefit plans, including our medical, dental, vision, group life and disability insurance plans, in each case on the same basis as other employees. We believe that these health and welfare benefits help ensure that we have a productive and focused workforce through reliable and competitive health and other benefits.

### *Retirement Savings*

All of our full-time employees in the United States, including our named executive officers, are eligible to participate in our 401(k) plan. Pursuant to our 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit (which was \$18,000 in 2016), with additional salary deferrals not to exceed \$5,500 available to those employees 50 years of age or older, and to have the amount of this reduction contributed to our 401(k) plan. While we may elect to make matching contributions, no such contributions have been made. The 401(k) Plan currently does not offer the ability to invest in our securities.

### *Perquisites*

We do not provide significant perquisites or personal benefits to our named executive officers. We do, however, pay the premiums for term life insurance for our named executive officers.

The audit committee will then document its findings and conclusions in written minutes. In the event a transaction relates to a member of our audit committee, that member will not participate in the audit committee’s deliberations. Further, when stockholders are entitled to vote on a transaction with a related party, the material facts of the related party’s relationship or interest in the transaction will be disclosed to the stockholders, who must approve the transaction in good faith. Our related party policy is in writing and is subject to periodic review.

## SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act, directors, executive officers and beneficial owners of 10% or more of our common stock, or reporting persons, are required to report to the SEC on a timely basis the initiation of their status as a reporting person and any changes with respect to their beneficial ownership of our common stock. Based solely on our review of copies of such forms that we have received, or written representations from reporting persons, we believe that during the fiscal year ended December 31, 2016, all executive officers, directors and greater than 10% stockholders complied with all applicable filing requirements.

## STOCKHOLDER PROPOSALS

Proposals of stockholders intended to be presented at our annual meeting of stockholders to be held in 2018 must be received by us no later than December 8, 2017, which is 120 days prior to the first anniversary of the mailing date of this proxy, in order to be included in our proxy statement and form of proxy relating to that meeting, unless the date of the 2017 annual meeting of stockholders is changed by more than 30 days from the anniversary of our 2017 annual meeting, in which case the deadline for such proposals will be a reasonable time before we begin to print and send our proxy materials. These proposals must comply with the requirements as to form and substance established by the SEC for such proposals in order to be included in the proxy statement.

In addition, our amended and restated bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in our proxy statement, to be brought before an annual meeting of stockholders. In general, notice must be received at our principal executive offices not less than 90 calendar days before nor more than 120 calendar days before the one year anniversary of the date on which we first mailed our proxy statement to stockholders in connection with the previous year's annual meeting of stockholders. Therefore, to be presented at our 2018 annual meeting of stockholders, such a proposal must be received by us no earlier than December 8, 2017 and no later than January 8, 2018. However, if the date of the annual meeting is more than 30 days earlier or more than 60 days later than such anniversary date, notice must be received not later than the close of business on the later of 90 calendar days in advance of such annual meeting or, if later, ten calendar days following the date on which public announcement of the date of the meeting is first made. If the stockholder fails to give notice by these dates, then the persons named as proxies in the proxies solicited by the board of directors for the 2018 annual meeting may exercise discretionary voting power regarding any such proposal. Stockholders are advised to review our amended and restated bylaws which also specify requirements as to the form and content of a stockholder's notice.

## ANNUAL REPORT

Our annual report for the year ended December 31, 2016 will be mailed to stockholders of record on or about April 10, 2017. Our annual report does not constitute, and should not be considered, a part of this proxy solicitation material.

**Any person who was a beneficial owner of our common stock on the record date may request a copy of our Annual Report on Form 10-K for the year ended December 31, 2016, and it will be furnished without charge upon receipt of a written request identifying the person so requesting a report as a stockholder of our company at such date. Requests should be directed to ChemoCentryx, Inc., 850 Maude Avenue, Mountain View, CA 94043, Attention: Corporate Secretary.**

### STOCKHOLDERS SHARING THE SAME ADDRESS

The rules promulgated by the SEC permit companies, brokers, banks or other intermediaries to deliver a single copy of a proxy statement and annual report to households at which two or more stockholders reside. This practice, known as “householding,” is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources. Stockholders sharing an address who have been previously notified by their broker, bank or other intermediary and have consented to householding will receive only one copy of our proxy statement and annual report. If you would like to opt out of this practice for future mailings and receive separate proxy statements and annual reports for each stockholder sharing the same address, please contact your broker, bank or other intermediary. You may also obtain a separate proxy statement or annual report without charge by sending a written request to ChemoCentryx, Inc., 850 Maude Avenue, Mountain View, CA 94043, Attention: Corporate Secretary, or by calling us at 650-210-2900. We will promptly send additional copies of the proxy statement or annual report upon receipt of such request. Stockholders sharing an address that are receiving multiple copies of the proxy statement or annual report can request delivery of a single copy of the proxy statement or annual report by contacting their broker, bank or other intermediary or sending a written request to ChemoCentryx, Inc. at the address above.

### OTHER MATTERS

We do not know of any business other than that described in this proxy statement that will be presented for consideration or action by the stockholders at the annual meeting. If, however, any other business is properly brought before the meeting, shares represented by proxies will be voted in accordance with the best judgment of the persons named in the proxies or their substitutes. All stockholders are urged to complete, sign and return the accompanying proxy card in the enclosed envelope.
